THERMOMETER RECORD.

The following shows the range of the temperature as observed at Silver's Drug Store, corner opposite the Post Office, yesterday:

8 A. M.	10 A. M.	2 P. M.	7 P. M.
34	36	37	35

THERE are less plain drunks before the police court since the stringency.

DRIVES of tramps from other cities find their way to the lockup these days.

THANKS—We are indebted to Capt. Ed. Hornbrook for late New Orleans papers.

ALTERNATE storms of rain and snow were the salient points of yesterday's weather.

THE man without an overcoat yesterday felt as independent as a man without an umbrella.

MASS was celebrated in St. Joseph's Cathedral yesterday for the repose of the soul of the late Dr. Wiesel.

AN alarm of fire was sounded from the Second Ward about half past 9 o'clock last evening. No foundation.

NOTWITHSTANDING the stringency Wheeling this week gives two places of amusement an excellent support.

HALF PRICE tickets were issued by the Baltimore & Ohio Railroad Co. to delegates to the Masonic Grand Lodge which met in this city this week.

THE matinee at the Opera House and Washington Hall yesterday afternoon were unusually largely attended. This during a storm and a panic.

IN HIS FAMILY—George Francis, who resides in East Wheeling, was arrested by Officer Tracy and taken to the lockup last evening, for abusing his family.

PERSONAL—Our genial friend, Wm. Steele, Esq., of Fairmont, who has been retreating ever in Belmont county several weeks past, left for home last evening.

MR. W. Shodon, of the Western Democrat, gave our sanction a brief visit yesterday.

LITERARY—Why is it that there are not more literary societies in this city? As far as we know, there is but one outside of the school societies. There is a great amount of talent floating about which might be utilized were it only developed and shaped by a little culture.

BUSINESS—In our walks and talks about the city yesterday, we were glad to note a better feeling prevailing in business circles. The produce trade is unusually brisk, and increased activity is observed in other branches of business. Merchants say that the panic is over, and everything is running in its wonted channel.

DEAD—Some days since we chronicled an accident to a little daughter of Mr. Charles Goetze, in the Eighth Ward, a muck car running over her foot and cutting off her toes. The child was only eight years old, and suffered intensely until death relieved her on Tuesday evening. It is said she died of lockjaw.

A HANDSOME PRESENT—About eight o'clock last evening Mr. J. D. Flynn brought into the Western Union Telegraph Office, and in a neat speech, expressive of his friendship, etc., presented Mr. James De Long, the night operator, with a very nice gold breast pin. Mr. De Long was taken somewhat by surprise, but accepted the gift, and volunteered a few appropriate remarks.

WE are very glad to see that our young people are to have an opportunity to acquire a graceful carriage and easy address, as well as learn the beautiful art of dancing. Prof. Mullen, who opens at Mozart Hall, 1305 Market street, this afternoon and evening, had classes here and in our neighboring cities last winter. He is a perfect gentleman, and we bespeak for him large classes.

HONORABLY DISCHARGED—Wm. W. Pennell was taken before Judge Gillespie yesterday afternoon for a hearing on the charge of stealing a horse from Cooper Breidenstein on the 29th inst. Breidenstein lives about three miles west of Bridgeport, on the National road. Mr. Pennell proved an alibi, and was honorably discharged. A dispatch had been sent to this city asking the arrest of Pennell. Officer St. Meyers discovered and arrested him, thereby securing the reward of \$50 offered by Breidenstein. The horse was recovered at Industry, Pennsylvania, on Monday last.

CIRCUIT COURT.

In this court yesterday business was disposed of as follows:

In case of Hibbard vs. Nolan, an action for damage done by defendant in digging a coal bank near the property of the plaintiff, a verdict of \$1 and costs was given.

It was ordered by the Court that the Sheriff summon thirty-six additional qualified jurors to serve for one week, beginning on Monday, the 17th inst.

In case of Dennison vs. Dennison, an action for debt, judgment was given for \$33 by consent.

In case of Sheets vs. Hamilton & Co., action for debt, the jury found for defendant. A motion was made for a new trial.

In case of Webb vs. City of Wheeling, a rule was issued against absent witnesses and the cause continued to the 18th inst.

This is an action for damages, the plaintiff having fallen through an open cellar way and broke a leg.

Adjourned to 9 o'clock this morning.

POLICE COURT.

Another day of disorder.

On Tuesday afternoon, when George Westwood, who was inside, resumed the engagement of the day before, by shelling a spittoon at his head. Wm. knocked George down. Result: Harris, \$10 and costs; Westwood, \$30 and same. First knock-down allowed Harris.

Elated with this victory, Henry, brother of belligerent Bill, ventured to assert that William could whip any man in West Virginia on a basis of \$500, and George Robinson particularly.

The brothers attempted to "clean out" Mr. Robinson's livery stable, but were driven out by the proprietor, and paid \$30 and costs each for the fun.

MASONIC.

At the session of the Grand Lodge of Masons of West Virginia last night, the following officers were chosen for the ensuing year: Thomas H. Logan, Wheeling, Grand Master; Robert White, Romney, Deputy Grand Master; Kephart, D. Walker, Fairmont, Senior Grand Ward; George M. Beltzhoover, Shepherdsburg, Junior Grand Ward; L. H. Williams, Wheeling, Grand Treasurer; O. S. Long, Wheeling, Grand Secretary; George W. Atkinson, Charleston, Senior Grand Deacon; E. H. Coombs, Morgantown, Grand Marshal; T. J. Sellers, Middlebourne, Grand Pursuivant; T. W. Bliss, Wheeling, Grand Tyler.

The Grand Lodge, having completed the business before it was closed at a late hour last night. The next communication will be held in this city on the second Tuesday in November, 1874.

"BEN. McCULLOUGH."

Mr. Oliver Doud Byron's first appearance at the Opera House did not draw a large house as his merits as an actor deserved.

Concerning the performance time will not permit us to speak at such length as his artistic claims might fairly demand. Mr. Byron, in the title role of "Ben McCullough," is effective. His conception of the part is of an expressive character, and his reading is intense and sympathetic. The support may be considered a decided success, a verdict which the audience were not slow to pronounce.

This great California sensational play will be repeated this evening, and for the last time.

NOTES.

Nor So—We clip the following from the St. Louis Republic of Sunday last:

An actor appeared on the stage at Wheeling the other night as Lord Rochester in "Jane Eyre," and showed the nobility of his act by being drunk.

A lord. His discharge from the company was announced to the audience.

Considering the fact that "Jane Eyre" has not been produced upon the stage in this city within our recollection, and in justice to the gentlemen members of Mr. Fitzsimmons' company, we take pleasure in pronouncing the above paragraph a falsehood without a shadow of a foundation.

ELECTION OF OFFICERS.

The Waverly Literary Society at its meeting last evening elected the following officers for the ensuing term:

President—J. O. Pendleton. Vice President—C. F. Williams. Secretary—L. N. Clarkson. Treasurer—E. H. Brady.

Clara—F. P. Jepson. Charles—B. T. Black. Charles—A. T. Hays. Charles—P. Stanton and F. P. McNeil. Committee on Ways and Means—C. W. Fraunzier and H. McClure.

Committee on Finance—G. L. Litch, J. B. Day and W. N. Litch.

THE HIBERNIAN.

Mr. MacEvoy closed his "Irish in America" here last evening to good audience. The matinee drew an immense crowd of little folks as well as children of maturer years.

"The Hibernian" has given all who attended it the most complete satisfaction.

Ayer's Cherry Pectoral.

For Diseases of the Throat and Lungs, such as Croup, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effective remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does

surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Ayer's Cherry Pectoral will cure and prevent the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Throat and Lungs, such as Croup, Whooping Cough, Bronchitis, Asthma, and Consumption, are cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven by dispassionate and reliable testimony.

Every family should keep it on hand as a protection against the early and painful attacks of Croup, Whooping Cough, and other affections of the Throat and Lungs, which are so common in early childhood, and which are so often fatal, if neglected. Tender lungs need this defense; and it is untiringly recommended to children, and the distressing diseases which beset the Throat and Chest of childhood, Croup, Whooping Cough, and other affections, are cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven by dispassionate and reliable testimony.
